## and Statement of Purpose

## What is boarding all about?

Boarding is all about having fun with your friends. It is giving you an opportunity to spend time with your friends outside of day school and away from your home environment.

Boarding focuses on positive behaviour, communication, independence, organisation, leadership and healthy lifestyle. You will learn

plenty of new skills such as, how to make your bed and complete other daily living tasks. We will set

you targets every term to work towards. Our aim is to 'improve attitudes to learning through experiencing success'.

# How does boarding work with school?

Boarding takes place after school. You spend your evening with us doing various activities, we all have tea together, you go to bed and in the morning you return to school in time for registration.

In boarding, we have homework and reading sessions every day.

We work on skills that can help you during the school day and in every day life.

In boarding we use the rooms that are available to us in school such as the hall, gym, classrooms, skills centre kitchen to name a few.

# Arriving at Boarding

If you are KS2 you will be collected from your classroom at the end of the school day and brought to the hall.

If you are KS3 or KS4, you will be called for boarding like you are for your taxi. When you are called for boarding residential staff will meet you in the school hall.

Residential staff will then bring you down to your house when everybody is ready.

# The Boarding Houses

We have 2 houses in boarding, Priory House and Abbey House.

Priory House is our smaller house and can have up to 10 students in it.

Abbey House is our bigger house and can have up to 13 students in it.

Both houses have bedrooms and bathrooms upstairs and downstairs.

Both houses follow the same routines every evening and morning.

# The Bedrooms

In Priory House we have 2 single rooms and 1 shared room downstairs that has 4 beds in it. Upstairs we have 1 shared room that has 4 beds in it.

In Abbey House we have 4 single rooms and 1 shared room downstairs that has 4 beds in it.

Upstairs we have 1 single room and 1 shared room that has 4 beds in it.

On your first day of boarding you will be shown where your bed is. You will sleep in the same bed every week.

# Toilets and Baths/showers

There is a toilet and a bathroom near every bedroom. Toilets and bathrooms are shared with the other students in your house. You will be shown where the toilet and bathroom is that you will be using.
